Customized Global Logistics

SUCCESS BY PERFORMANCE

Exceptional global logistics since 1965

Iquique - Antofagasta - Santiago - Talca

¿WHO WE ARE?

We have been in **Chile since 2004**, where we have **5 offices** located in different parts of the country at strategic locations, thus enabling us to act in a neighborly manner and remain at the disposal of our customers within a personalized global network.

We have **consolidated air and sea transport services from Europe, Asia and North America to all countries in South America**, including the most important ports and cities in our country.
Our company readily combines care of the environment with technology.

Documentary and operative services are taken care of by highly qualified executives.

Packaging is in accordance with your needs and the type of product.

FLEXIBLE SOLUTIONS

More time for your core business.

Complex logistics naturally means a lot of time, money and resources in the day-to-day business, starting with space and staff requirements – the ultimate challenge. There are also seasonal fluctuations which can complicate your logistics and supply chain.

EMO-LOG is a group company that adapts to your specific needs for storage, distribution, customs agency and international multimodal transportation.

Our goal is to be faster than other companies.
